Part of every day.
Stain resistant* pavers, perfect for the budding Pro Hart in your family.

Less cleaning, more living, that's freedom!

Sit back and relax outdoors with Riviera Freedom Clay Pavers. Along with their remarkable durability, Riviera Freedom pavers have the added advantage of stain resistance. Their unique Paveshield coating ensures that stains will only sit on the surface and not penetrate the paver itself. Quite simply, this means less time cleaning up and more time relaxing.

With excellent slip resistance and salt safe qualities Riviera Clay Pavers are ideally suited for use around salt-chlorinated pools and high-traffic entertaining areas. The six earthy tones, contemporary 300mm design and stain resistance of Paveshield makes Riviera Freedom pavers your first choice for low maintenance outdoor living.

*For details of our stain resistance list can be found on our website www.australbricks.com.au

Paveshield® the revolution has arrived!
Paveshield is a revolutionary surface treatment that resists staining. Thorough stain resistance* testing has shown oils, paint, tar, tar, tyre marks, crayons and food stains, can be cleaned off even after several days with soap, water or household cleaners. Paveshield also prohibits the growth of mould and mildew.
