Are you targeting Local Government managers?
Is your product or service included in their budgets?

In early 2006 LGAT News published Tasmania’s first Manager’s Resource Directory exclusively for Local Government. It is updated four times per year and is now a permanent lift-out section of the magazine. The Manager’s Resource Directory is produced to assist government managers in their search for goods and services, as well as consultants and businesses who can provide them with their special requirements.

As a bonus, every issue of LGAT News including the Manager’s Resource Directory is published on the association’s own website – www.lgat.tas.gov.au. The website is well publicised, particularly to state government departments who often work closely with Local Government on various projects.

Remember to ensure your business entries are always current and correct. Details may be updated each issue (every three months) if and when required.

Are you in the directory?

IMPORTANT – If you are not in the directory and would like your details included, please call us to discuss your requirements.

Enquiries: Michael Roberts  Tel: 03 6394 7383  Fax: 03 6394 7019
