DETAILS INSIDE
When you’ve built a legacy of leadership, innovation and performance...

...your next step has to be Monumental.

Cat® H-Series Motor Graders have set the standards for performance, ergonomics and productivity. That’s made them the best selling motor graders in the world for the past ten years.

What’s coming next is going to raise the standards again. The next generation of Cat motor graders will take our traditional excellence to a level of superior technological advancement never before possible.

So, if you liked what the H-Series did for motor grader design, count on the Cat M-Series to be pure joy.

The Right Choice for Local Government.
with all the features, factory fitted, no additional cost - You’ll be wrapped.

You wanted a whole host of great features built in to create the perfect hydraulic excavator for Australian operating conditions. We listened, now our factory in Japan has included them as standard equipment.

The list of additions include anti-burst valves, dual flow hammer piping, quick hitch piping, extra lights, pre cleaner, beacon lamp with protective guard, E-stops for left, right and in cabin use, rear view camera and more.

With the PC300-8 and PC300LC-8 there is no need to customise, we’ve done it for you at no additional cost.

Contact your Komatsu branch for further information.

The sensational Komatsu PC300-8 / PC300LC-8 delivers:

- New factory-engineered solutions
- Leading-edge safety features
- Exceptional power and work capacity
- Reduced emissions and noise levels
- Variable working modes for increased efficiency and reduced fuel consumption
- State of the art 7inch LCD monitor
- Komtrax machine tracking asset management system
