2017 ANNUAL GENERAL MEETING

The President, Mayor Doug Chipman, welcomed Members and declared the Annual General Meeting open at 3.05pm.

Apologies were received from -

Mrs Sandra Ayton	Central Coast Council
Mayor Duncan McFie	King Island Council
Mayor David Downie	Northern Midlands Council
Mayor Michael Kent	Glamorgan Spring Bay
Mayor Greg Howard	Dorset Council
Mr Greg Winton	Derwent Valley Council
Mayor Albert van Zetten	Launceston City Council
Mr Robert Dobrzynski	Launceston City Council

1 MINUTES OF 104TH ANNUAL GENERAL MEETING *

Circular Head Council/Devonport City Council

That the Minutes of the 104th Annual General Meeting, held 20 July, 2016 be confirmed.

Carried

The Minutes of the 104th Annual General Meeting of the Local Government Association of Tasmania, held in Hobart on 20 July, 2016 as circulated, are submitted for confirmation.

The Minutes are at **Attachment to Item 1.**

2 PRESIDENT'S REPORT

Flinders Council/Kingborough Council

That the President's report be received.

Carried

I am pleased to be able to present my Annual Report on the activities and achievements of LGAT over the last twelve months.

Before proceeding, I would like to thank you for re-electing me for a second term as President. I am inspired by your confidence in me as we continue to face difficult challenges on many fronts.

I also want to acknowledge the members of the General Management Committee.

- Vice President Mayor Daryl Quilliam from Circular Head Council;
- The Lord Mayor of Hobart, Alderman Sue Hickey;
- Mayor Tony Bisdee, Southern Midlands Council;
- Mayor Christina Holmdahl, West Tamar Council;
- Mayor Steve Martin, Devonport City Council;
- Mayor Mick Tucker, Break O Day Council, and
- Alderman Heather Chong from Clarence.

I look forward to working with you all over the next two years as we chart the course for LGAT on behalf of you our members.

I would also like to sincerely thank outgoing GMC Members Mayor Jan Bonde, Central Coast Council and Mayor Craig Perkins, Meander Valley Council for their wonderful support, friendship and significant contributions to our sector over their respective terms.

It feels somewhat an understatement to say it has been a challenging year for Local Government in Tasmania.

We have been tackling, and will continue to tackle, an intense reform agenda. On top of that, with the impact of natural disasters, pressures to deliver on feasibility studies, negative media related to Boards of Inquiries and so on; I can imagine many elected members and staff are feeling the pressure. This pressure will probably increase as we confront new issues already flagged for the year ahead, including a State Government election and the lead up to Local Government elections.

While the surprise announcement by the State Government in February with respect to TasWater has undoubtedly dominated thinking in recent months, LGAT has continued to prosecute a broad advocacy and service agenda with its usual diligence.

For example, our advocacy efforts have seen a number of successes in regard to planning reform, including \$300,000 in regional funding to support councils develop Local Provisions Schedules, and the funding and commencement of iPlan stage 2, our priority budget request for 2016-17.

Further, LGAT's advocacy has ensured a dedicated point of contact for councils experiencing issues in implementing the new visitor accommodation arrangements, based on similar successful advocacy and arrangements put in place with the introduction of changes to building regulation in January. LGAT will continue to advocate for the timely provision of guidance, appropriate consultation with Local Government as new laws and regulations are set in place.

We continue to engage on the waste management agenda and have produced a Waste and Resource Strategy from a Local Government perspective. This key document will inform the work of the EPA on the new State Waste and Resource Strategy.

LGAT was also successful in securing \$250,000 from the Tasmanian Government to support the collaborative delivery of a Health and Wellbeing Project. Working with the Department of Health and Human Services, we will use this project to help councils enhance the valuable work they are already doing in the health and wellbeing space.

LGAT has also worked closely with SES to secure funding to deliver the Municipal Emergency Management Risk project and through the budget process has ensured regional funding to support the Government's cat management plan.

In March, we commenced an advertising campaign to ensure that the amazing community support provided by our councils was not lost in the noise of adverse publicity arising from some of the many challenges facing us.

The Better Councils TV advertisement was developed very affordably using the intellectual property of our friends from the Local Government Association of Queensland and with volunteer actors and voice over artists. The screenings reaching more than 70% of the viewing audience.

The campaign was aligned with a complete re design of LGAT's communications including the launch of the new LG Tas Bulletin. Keep an eye peeled for our new style Annual Report to come out later this year as well.

In the last 12 months, LGAT has also issued a record number of media releases and opinion pieces with a high level of uptake. The new communications may be a factor in the record level of sponsorship and trade exhibitors at this year's conference, not to mention a record number of entries for this year's Awards for Excellence.

The Association also continued efforts to deliver a varied program of professional development opportunities for elected members and staff including our annual conference, elected member weekend, good governance forums for audit panel members, regional breakfasts; the 21C forum, general managers' and mayors' workshops, preventative health and climate change forums and more.

Our investment in procurement related activity continues to bear fruit for members. For example, the whole of sector energy contract for public street lighting that has just been signed will save the sector \$800,000 in the next 12 months and likely more in the following 12 months. LGAT also continues to work with groups of councils to explore the regional roll out of LED street lighting.

Through our participation in the National Procurement Network (NPN) we have made 14 new Contracts available for councils to purchase through. In the 12 month period to the end of March 2017 councils collectively spent \$6.8m through the network with savings of over \$1m. That is a whopping 43% increase in savings over the preceding 12 months, excluding those savings made through the electricity contract project.

Significantly, some of our members have more than recouped their membership fees with savings made through their use of the NPN.

I don't want to steal all the thunder of the ALGA President David O'Loughlin, who is speaking tomorrow, but through the collaborative efforts of all the Associations under the ALGA umbrella a highly successful campaign to restore FAGs indexation bore fruit in the last Federal Budget. The loss of indexation cost Tasmanian Local Government around \$20 million and so it is fantastic that this key source of revenue won't be further degraded. I thank all Members for the part they played in the national campaign.

Other project, policy and advocacy activities have included development of a guide to minute taking, completion of the workplace behaviours toolkits, coordination of feedback on the proposed changes to the Local Government Act, development of a discussion paper to support a review of the Code of Conduct and submissions on floods, cats, dogs, smoking and gaming - to name but a few.

LGAT has just completed a new strategic and annual plan which together, lay out the long-term vision for LGAT, establishing five key focus areas and a short list of critical priorities for the next 12 months. These priorities include influencing the TasWater agenda, shaping the Code of Conduct Review, driving the planning reform agenda and preparing for elections.

The GMC and Staff of LGAT will continue the juggling act of achieving lobbying success in the context of a highly contested election environment while continuing to push your agenda.

I would like to conclude with some thankyou's.

Firstly, I would like to thank and acknowledge the amazing drive, energy and support provided by Dr Katrena Stephenson and her staff in the LGAT secretariat. Prior to serving as President, I really had not appreciated just how important a highly functional LGAT secretariat is to the coherence and credibility of the sector as a whole. It truly gives us an opportunity to speak with one voice on many fronts.

I also want to thank Vice President Daryl Quilliam and the other members of your GMC. Both individually and collectively their wisdom and commitment to our sector has been extraordinary and it has been my privilege to be part of that team.

Finally, to you as members and stakeholders, thank you for your passion and commitment to the cause of Local Government in Tasmania.

3 FINANCIAL STATEMENTS TO 30 JUNE 2016 *

Clarence City Council/Northern Midlands Council

That the Financial Statements for the period 1 July 2015 to 30 June 2016 be received and adopted.

Carried

The General Management Committee recommends consideration and adoption of the Association's Financial Statements for the period 1 July 2015 to 30 June 2016, an abridged version of which are included at **Attachment to Item 3**.

A full version is available from the Association's offices.

A copy of the Association's Profit and Loss report for the period 1 July 2016 to 23 June 2017 is also included at **Attachment to Item 3** to provide members with an indication of the current financial position of the Association.

At the time of preparation of this report one week remained to the end of the financial year with year end adjustments also pending. It is anticipated that there will be a surplus with items below being of note –

- Interest from term deposit investments due at 30 June is not reflected as yet but overall interest will be below budget due to reducing interest rates across the year however, successful workshops including Regional Breakfasts, Audit Panels, Change Management and Crucial Conversations have helped to offset this.
- Income from commissions related to insurance and procurement have exceed budget expectations and reflects the LGAT activity in this area.
- Additional staffing were incorporated into the budget for 2016/17 but with application processes and lag in start dates, a full year was not been worked. Some leave without pay arrangements were also agreed to enable Defence Reserves participation, all of which has shown a reduction in overall salaries and the superannuation paid.

- At the request of the Tasmanian Audit Office, a formal valuation of the LGAT premises has been undertaken which resulted in an adjustment to the land and building breakdowns and a reduced depreciation requirement. The Audit office has been advised that future valuations will only be undertaken as per the requirements of the Valuer Generals office, every 6-7 years.

4 BUDGET AND SUBSCRIPTIONS 2017/18 *

West Tamar Council/Tasman Council

That the Meeting adopt the Budget and Subscriptions as presented.

Carried

Subscriptions

LGAT has applied a general 2.2% increase in line with the consumer price index (CPI). The Annual percentage change for Hobart as reported by Treasury in March was 2.3%. CPI has not been applied to the community satisfaction survey and Better Councils components which are set around likely actual costs.

Three councils have moved up categories in the payment structure based on Total Assessed Revenue as determined by the States Grant Commission (with application of the Council Cost Index - decision AGM 2010) and as a consequence they see a significant shift in contribution required. These councils were advised of the likely impact ahead of setting their budgets. Two councils moved down a category.

A copy of the Budget and Subscriptions are at **Attachment to Item 4** for reference.

Budget

There are no strongly significant areas of variation to the budget this year.

There are some relatively minor variations including to staffing as the significant reform agenda being prosecuted across several Local Government areas, by a new Government, continues to stretch the Association. All staff have increased productivity and in recognition of that and the large workload predicted for next year, a 2% pay increase has been budgeted for across staff in line with most council EBAs.

As with last year there are two projects which, while core business for LGAT, are accounted for separately for transparency reasons. These are the Better Councils Better Communities promotion project which includes the television advertising and the Community Satisfaction Survey which is to be conducted in the year preceding Local Government elections.

Given this an election year, and noting that there may be an increased communications task related to TasWater, LGAT anticipates requiring all these funds again next year. If in future years, based on feedback from the sector, we determine no television presence is required, we will wind this ask back significantly. The direct cost of airing the commercial this year was \$50,000.

In relation to the Community Satisfaction Survey, we collect a proportion each year based on the cost estimated from the previous process. In this transition period, we have not collected enough to cover the cost of the survey, but have sufficient funds to draw on to cover the difference. This should not be an issue for future surveys. The collection of a portion of funds each year reduces the impact for councils in a survey year.

The HR Toolkit Project is complete so this stand-alone \$90,000 does not need to be collected anymore.

We have continued to focus on generating our own income and while it remains a relatively small component as compared to subscriptions it is increasing. A steady increase in income is predicted in relation to our events and procurement activity.

We have adjusted estimated interest earnings down based on the outcomes this year as there is limited likelihood of a significant increase in this regard, although we hope changing the nature of our investments may assist to boost this income stream.

There are no significant building maintenance works scheduled for this year.

5 PRESIDENT AND VICE PRESIDENT HONORARIUMS

Central Coast Council/Meander Valley Council

That the President's and Vice President's allowance for the period 1 July 2017 to 30 June 2018 be adjusted in accordance with the movement in the Wages Price Index.

Carried

The Rules of the Association provide that the Annual General Meeting will grant an annual allowance to the President and Vice President.

In the past an independent review of allowances was undertaken in the same financial year as the review of allowances for Local Government Elected Members, with the last review undertaken in 2009. The result of that review was to retain the basis of the present allowances unchanged for the two positions with movements to be in conjunction with the wages price index. This brought the escalation factor for allowances in line with Elected Member allowances across councils.

The escalation factor used for elected member allowances remains the wages price index and it is deemed appropriate that the President and Vice President Honorariums continue to escalate on the same basis.

A review of Elected Member allowances will be undertaken in the 2017/18 Financial Year. If the review determines that the escalation of Elected Member Allowances should alter, the Honorariums will be reviewed accordingly.

The resultant application of the wages price index has meant allowances for 2016/17 were:

- President allowance \$46,286 per annum.
- Vice President allowance \$11,572 per annum.

6.1 Subscription Modelling

Break O'Day Council/Clarence City Council

That the Members note the report on the subscription modelling undertaken.

That Members agreed to the formula outlined as Option 21 namely, a flat fee of 40 per cent, and population and revenue fees of 30 per cent each; 8 revenue categories and 8 population categories; and a 10 per cent collar and cap.

That Members agree to the amendment of the Rules allowing application of the new formula from 2018/19.

Carried

For	40
Against	15
Abstained	3

Foreshadowed Motion

Dorset Council/

That the budget required for the running of LGAT (\$1,179,099) be divided by the number of votes that sit within the membership for voting purposes (58), then multiply that figure by the number of votes held by individual councils. That figure is approximately \$20,320 per vote.

As the original motion was carried, the Foreshadowed Motion was not considered.

Background

Pursuant to feedback through the General Meeting and General Managers' workshop, LGAT agreed to undertake modelling in relation to possible changes to our subscription formula with the goal of reducing year on year movement between categories but continuing to ensure an equitable contribution basis.

It was agreed that we would look to using the following elements:

- A flat fee component (40% of total required revenue required divided by all members);
- A population based component (30% of total required revenue distributed across population bands) and
- An expenditure based component (30% of the total required revenue distributed across expenditure bands).

It was also agreed there would be consideration of a cap similar to that used in South Australia where no Council pays more than three times the average or a five per cent increase related to population and revenue changes in any year.

Preliminary analysis considered those three elements only which in themselves could provide infinite variation. LGAT was unable to find a model which, when compared to current subscriptions, did not cause significant variations across most councils from -15% to +63%. The skills set at LGAT did not lend itself to more sophisticated modelling. Consequently, in March 2017, LGAT sought further feedback from General Managers on the following:

1. In the current climate and emerging priorities, do you still want LGAT to pursue reviewing the subscription formula?;
2. If yes, explore the formula in totality or only the application of a cap?; and
3. If yes, do you have someone with expertise in such modelling that you would be willing to 'lend' to LGAT to assist, noting this was starting to get beyond the skills available in house?

Based on the feedback LGAT continued the modelling work, engaging a skilled casual to pursue more complex modelling. The outcome of the works is that LGAT has identified a formula based on the agreed components that is likely to reduce movement between categories of subscription and through the use of a cap and collar approach, dramatically reduces the initial impact for most councils, a copy of the full report is at **Attachment to Item 6.1** for reference.

It should be noted however that for some councils, the initial impact is significant, at the full cap amount of \$10,000. Without the collar and cap applied, using last years subscription data for comparative purpose, decreases would range from \$11,828 to \$1,252 and increases from \$287 to \$8,068. With a cap and collar however, decreases range from \$4,787 to \$1,252 and increases from \$287 to \$5,984. Without the collar and cap percentage swings range from -39.4% to 17.8%.

LGAT provided the modelling to General Managers in May seeking feedback as to whether General Managers were sufficiently comfortable with the recommended option for it to progress to the AGM for consideration. Subsequently LGAT provided some further information on the categories as applied (see Rule Amendments). While not all councils replied, predominantly the feedback received indicated LGAT should proceed to the AGM however one council did not support on the basis of the scale of their likely increase in subscriptions in the first year.

Two General Managers sought clarification on the relationship between voting categories and subscription categories. While we initially tried to align the use of our population categories in the subscription modelling with the voting categories, they bare no relationship under the Rules of the Association and are entirely separate. One does not influence the other.

For the modelling, we have ended up using a greater array of population categories with the aim of smoothing transitions between categories and population as just one component of the formula.

Amendment to the LGAT Rules would be as follows:

SUBSCRIPTIONS

- (a) Every Member shall pay such annual subscriptions as are set and determined in accordance with these Rules.
- (b) The amount of subscription to be paid annually to the Association by each Member is as follows:
 - (i) Each Council will pay an equal share as a flat fee, with the total to be equal to 40% of the Associations total annual subscriptions, as determined by the budget adopted at the Annual General Meeting.
 - (ii) Each Council will be placed within the appropriate population category as reported by the ABS annually. Each Council will pay an equal share of the category's percentage, with the total to be equal to 30% of the Associations total annual subscriptions, as determined by the budget adopted at the Annual General Meeting.
 - (iii) Each Council will be placed within the appropriate total assessed revenue category, as reported in the Annual Report of the State Grants Commission. Each Council will

pay an equal share of the category's percentage, with the total to be equal to 30% of the Associations total annual subscriptions, as determined by the budget adopted at the Annual General Meeting.

- (iv) At the absolute discretion of the General Management Committee, rounding up or down of the percentages referred to in Rule 45(b)(ii) may occur in the development of the budget for approval at the Annual General Meeting.
- (iv) The assessed annual revenue category parameters are to be adjusted in line with the annual Council Cost Index as set by the Association.
- (c) The subscriptions formula as set out above and the average percent payable by each category shall apply as of **1 July 2018**.
- (d) The annual subscription is due and payable at the office of the Association on the first day of July in the financial year to which it relates. The subscription must be paid within one month after a written notice specifying the amount payable has been delivered or sent by post to the General Manager of the Member.

Population Categories

Population	Category number	Percentage
<1000	1	0
1,000 to 4,999	2	0.5
5,000 to 9,999	3	2.5
10,000 to 14,999	4	3.0
15,000 to 24,999	5	4.5
25,000 to 34,999	6	5.5
35,000 to 54,999	7	6.6
55,000+	8	7.6

Revenue categories

Revenue range		Category number	Percentage
\$0.00	\$4,999,999.00	1	0.8
\$5,000,000.00	\$7,999,999.00	2	2.0
\$8,000,000.00	\$9,999,999.00	3	3.4
\$10,000,000.00	\$14,999,999.00	4	3.5
\$15,000,000.00	\$24,999,999.00	5	4.8
\$25,000,000.00	\$34,999,999.00	6	5.8
\$35,000,000.00	\$59,999,999.00	7	6.8
\$60,000,000.00	and above	8	7.0

LGAT Policy

Complies with position agreed through the General Meeting process.

Budget Impact

Casual employment was covered through surplus salaries related to resignations and refill lag.

6.2 Term of Office of President

Devonport City Council/Circular Head Council

That Members note the concerns relating to the Rules as they currently provide for vacation of the office of the President.

That Members agree to amend the rules such that –

and if the office of President becomes vacant more than six months before the next AGM where a President is due to take up office in accordance with Rule 27(a), a new President shall be elected in accordance with the procedures in Rule 26.

Carried

For	56
Against	0
Abstained	2

Background

In 2016, following a motion from Members the LGAT Rules were amended with respect to a the vacation of the office of the President.

The amendment allows that if the office of the President becomes vacant more than 12 months before the next elections, a recount is taken.

The amendment followed the death of Mayor Barry Jarvis, not long after his election to President and seemed a sensible approach in light of those circumstances. No legal impediments were found in relation to the change however more recently LGAT has received advice from the Electoral Commissioner that the process outlined in the Rules is not best or even common practice.

The Electoral Commissioner has advised:

I am not aware of any rules for conducting a recount for single member elections. While you could attempt to use the same process as a recount for a multimember election, it is not designed to be used this way and may provide results that do not reflect the will of the electors.

For all Parliamentary and most Local Government single member elections in Australia, a preferential (majority) system is used to count the votes. As you are aware this system uses elector preferences to distribute the ballot papers between candidates until one candidate receives a majority of the formal votes.

Single transferable vote (STV) counting systems, such as Hare-Clark and the Senate system, are used for most Australian multi-member elections. Under STV, a candidate is elected when she/he receives the required proportion of the vote, representing that proportion of the voting electors.

Some multi-member elections, such as the House of Assembly and Tasmanian Local Government councillor elections, fill a vacancy by conducting a recount. Conducting a recount from an STV election enables the proportion of electors represented by the vacating member to directly choose a replacement.

In the case of a House of Representatives, Legislative Council or a council Mayor position, a vacancy is filled by conducting a by-election.

Single member elections generally have smaller fields with candidates representing different sectors or political philosophies within the division. For single member elections, a recount to replace the vacating member may stand for very different things to the vacating member. For example, if US President Trump resigned and the recount system was used to fill the vacancy, Hilary Clinton would likely be the replacement.

On the basis of the advice, LGAT suggests reverting to the practice mapped in the Rules prior to 2016, namely that “if the office of President becomes vacant more than six months before the next AGM where a President is due to take up office in accordance with Rule 27(a), a new President shall be elected in accordance with the procedures in Rule 26”.

Proposed Amendment

27 TERM OF OFFICE OF PRESIDENT

- (a) Subject to Rule 27(d), the President shall take up office at the conclusion of the Annual General Meeting following his or her election and shall hold office for a two year term concluding at the end of the relevant Annual General Meeting.
- (b) The office of the President shall be vacated if the President:
 - (i) resigns by notice in writing addressed to the Chief Executive Officer;
 - (ii) is absent without leave for three consecutive meetings of the General Management Committee;
 - (iii) ceases to be a Councillor or Alderman; or
 - (iv) has not been lawfully nominated as a candidate for election as President in accordance with Rule 26,

and if the office of President becomes vacant more than twelve months before the next Annual General Meeting where a President is due to take up office in accordance with Rule 27(a), then Rule 27(g) applies.

- (c) If the President gives notice in writing to the Chief Executive Officer that he or she:
 - (i) intends to resign as President; or
 - (ii) intends to cease being a Councillor or Alderman,

~~and if the effective date of such resignation or cessation will be more than twelve months before the next Annual General Meeting where a new President is due to take up office in accordance with Rule 27(a), then Rule 27(g) applies.~~

and if the office of President becomes vacant more than six months before the next AGM where a President is due to take up office in accordance with Rule 27(a), a new President shall be elected in accordance with the procedures in Rule 26.

- (d) Where a President is elected in an election held by operation of Rule 27(b) or 27(c), they shall take up office at the time of declaration of their election or at the date the office of President is vacated, whichever is later.
- (e) If the office of President becomes vacant within twelve months of the next Annual General Meeting where a President is due to take up office in accordance with Rule 27(a), the Vice President shall assume office as President until a new President is elected at that Annual General Meeting in accordance with Rule 26.

- (f) The term of office of the President may be extended by any Meeting of the Association for such periods as it determines.
- ~~(g) Where this Rule 27(g) applies, a recount of votes for the election of the President shall be held to fill the vacancy of President. If there are no votes to count, a new President shall be elected in accordance with the procedures in Rule 26. If, as a result of the recount or the election in accordance with Rule 26, the Vice President is elected as President, that person will resign as Vice President and the General Management Committee will appoint a new Vice President under Rule 28(a).~~

LGAT Policy

Does not apply.

Budget Impact

Does not apply.

7 REPORTS FROM BOARD REPRESENTATIVES *

Waratah Wynyard Council/Central Coast Council

- (a) That the reports from representatives on various bodies be received and noted.
- (b) That Conference acknowledges the time and effort put in by all Association representatives on boards, working parties, advisory groups and committees etc.

Carried

Listed below are the bodies on which the Association had statutory representation in the 2016/2017 financial year.

Representatives on Bodies are requested to provide a report for Conference and are also requested to provide regular reports back to the Association during the year.

- **Animal Welfare Advisory Committee**
Mr David Moser
- **Community Review Committee - Threatened Species Protection Act 1995**
Ms Liz Quinn, Kingborough Council
- **LGAT Assist**
Mr Kay Reeves
- **Local Government Board**
Mrs Elizabeth Gillam
- **State Fire Commission**
Mr Rod Sweetnam, Launceston City Council, Clr Hannah Rubenach, Break O'Day Council
- **State Fire Management Council**
Ms Belinda Loxley, Kingborough Council
- **State Grants Commission**
Mr Grant Atkins and Mr Rodney Fraser
- **State Marine Pollution Committee**
Mr Andrew Brown, Clarence City Council
- **Tasmanian Heritage Council**
Ms Danielle Gray, Kingborough Council; Ald Robin McKendrick, City of Launceston
- **Tasmanian Library Advisory Board**

- Ald Sandra French, Burnie City Council, Clr Dick Adams, Northern Midlands Council; Ald James Walker, Clarence City Council; Ms Amanda Davison, Waratah Wynyard Council
- **Tasmanian Planning Commission**
- Mr Michael Stretton, Waratah Wynyard Council

The reports received for presentation are at **Attachment to Item 7.**

8 CLOSURE

There being no further business the President declared the meeting closed at 3.35pm.
