1 PRESIDENT'S REPORT

Central Coast Council/Devonport City Council

That the President's report be received.

Carried

There is a Pretenders song - 'Hymn to Her', which goes "Some things change. Some things stay the same". That is somewhat true of this last 12 months but perhaps more-so than usual, some things have definitely changed.

And not all the changes have been happy ones. We both gained - and lost - a President named 'Barry' at last year's elections, and we have subsequently acknowledged the sad passing of Mayor Barry Jarvis in early June. I would like to start today with a minutes silence in recognition of a great champion of Local Government.

The two past Presidents Barry have left hard shoes to fill and I wish the best of luck to all those nominating for the role of LGAT President.

In the meantime it is my honour as LGAT's Acting President to present a brief account of the activities and achievements of LGAT over the last year. I would note that it is difficult to reflect the size and diversity of the task and output delivered by LGAT and I encourage you all to keep track of the Organisation's ongoing work through the monthly reports which are sent out to all elected members.

With the entry of 14 new Mayors and around 90 new Alderman/Councillors into Local Government following last October's elections, LGAT has promptly focused on supporting those elected members to build an understanding of their new roles. The Association updated the Mayoral and Councillor resource kits and provided materials to a number of councils to support their induction processes.

In November, LGAT delivered professional development opportunities for Mayors and Councillors across the three regions; it then went on to facilitate a weekend workshop for elected members in February this year. These opportunities for collegial interaction and valuable information exchange were well received by those who attended.

These workshops were also just some of the many and varied professional development opportunities offered by LGAT through its training calendar over the past year, with topics offered ranging from good governance, contract management, planning for healthy communities, compliance and enforcement, street lighting and heavy vehicle regulation to name a few. This year LGAT provided a new forum for deputy General Managers in addition to its regular General Managers' workshops, and we commenced our annual 'Breakfast' program with the Minister Peter Gutwein as our inaugural speaker. The attendance for those forums was terrific.

We also continued to focus on how to attract skilled workers to Local Government. Three new videos were placed on to the Think Big website, describing the council roles of Early Childhood Educator and GIS Officer, as well as the benefits of council-student research partnerships.

LGAT analysed data gathered from 19 councils to develop workforce reports which will help participating councils to understand their priority occupations and strategically combat turnover due to resignations and retirements from now to 2030.

As always, significant attention has been given by the Association to the preparation of submissions, developing responses and facilitating inputs to legislative and policy proposals generated by the State and Federal Governments.

For example, the work under the 'Role of Local Government' Project culminated in May with a strategic plan being endorsed by the Premier's Local Government Council with a number of the plan's key projects already well underway.

Supporting planning and heavy vehicle regulatory reform processes have taken significant resources but LGAT's advocacy efforts have clearly delivered positive outcomes. These include changes to intended Government policy in the planning space such as increased timeframes for permitted use development. In the area of roads and heavy vehicle regulation LGAT has played a key role in securing an allocation of funds through the State Budget process to support councils in the assessment of local road infrastructure for heavy vehicle access.

We continue to work to raise awareness of LGAT's procurement program, with significant savings being delivered to councils who make use of the National procurement network/Local Buy opportunities through LGAT. Savings to the sector are currently estimated at \$500,000 a year with plenty of room for growth.

By working through LGAT as a sector, we have achieved cheaper energy costs for councils in the area of public lighting, leveraging off the opportunity delivered through a newly competitive market. This was the first time the process had been undertaken in Tasmania and involved extensive effort from LGAT but as a consequence, our Members will see significant savings on their bills. We estimate another half a million saved sector wide.

In this last year, LGAT became the first Local Government Association to have proactively completed the Award modernisation process, avoiding the continuing complexity of having separate, state-based Awards. In the Industrial Relations space, a suite of policies and procedures for councils to provide support in Workplace Health and Safety compliance is nearing completion after rigorous consultation.

We hope you are noticing our changes to our communications. This time last year we launched our Twitter account and now have over 300 followers. Further we have launched 'The Pulse', our new electronic Newsletter, we have reviewed and continued to add content to our Extranet, and we have commenced work with a new provider for the quarterly LGAT News Magazine.

And of course, you will have noticed that we have expanded our conference to become a Local Government 'Week', taking advantage of the move to Launceston to deliver something a little different.

Another big change in the last year was the departure of our former LGAT CEO, Allan Garcia. I am sure you will agree, Allan made a significant contribution to the sector over the last 15 years and we wish him well in his new job heading up Infrastructure Tasmania. In the middle of June, we were pleased to appoint Katrena Stephenson to the role of CEO. Of course Katrena is a familiar face to many of you as the former Policy Director.

A key focus over the next 12 months for Katrena and the General Management Committee will be to support Members as we continue the conversations around Local Government reform.

Earlier this year, 120 Mayors, councillors and council officers attended an expanded LGAT General Meeting at the Derwent Entertainment Centre in April to focus on the reform issue. The facilitated forum included speakers presenting on council amalgamations, resource sharing, lean thinking and private sector mergers and the day's valuable program provided much fuel for thought.

In a recent meeting with the Minister, Katrena and I discussed some other opportunities for sectoral improvement that exist and LGAT will work up some proposals around lean thinking, procurement and planning for the Members and Minister's consideration in the coming months.

As we look forward, this year we will be active at the Federal level too. The freezing of Financial Assistance Grants indexation has meant a reduction in real terms to Tasmanian councils of some \$17 million per annum over a three year period. Although some consolation has been received recently with increased Roads to Recovery funding, efforts are continuing at the national level to obtain relief in relation to FAGS, and LGAT will be working with all Associations on the national campaign.

I would like to finish up by sincerely thanking the team at LGAT for their dedication and professionalism. When you are a councillor and not directly involved with the Association's activities, it can sometimes be difficult to realise just how much work the staff at LGAT do behind the scenes and on behalf of the sector; but I can assure you that our small Tasmanian team punches well above their weight, is highly respected and does secure wins for Local Government in this State.

Thank you.

2 MINUTES OF 102ND ANNUAL GENERAL MEETING *

Brighton Council/Kingborough Council

That the Minutes of the 102nd Annual General Meeting, held 23 July, 2014 be confirmed.

Carried

The Minutes of the 102nd Annual General Meeting of the Local Government Association of Tasmania, held in Hobart on 23 July, 2014 as circulated, are submitted for confirmation.

The Minutes are at **Attachment to Item 2.**

3 FINANCIAL STATEMENTS TO 30 JUNE 2014 *

Brighton Council/Central Coast Council

That the Financial Statements for the period 1 July 2013 to 30 June 2014 be received and adopted.

Carried

The General Management Committee recommends consideration and adoption of the Association's Financial Statements for the period 1 July 2013 to 30 June 2014, an abridged version of which is included at **Attachment to Item 3.**

A full version is available from the Association's offices.

A copy of the Association's Profit and Loss report for the period 1 July 2014 to 16 June 2015 is also included at **Attachment to Item 3** to provide members with an indication of the current financial position of the Association.

At the time of preparation of this report two weeks remained to the end of the Financial Year with year end adjustments also pending. It is anticipated that there will be a small surplus with items below being of note -

Workshops/Training	There was higher than anticipated uptake of training by Elected Members, in particular by the new Elected Members. An LGAT Training Program and Regional Breakfast Series were introduced resulting in increased registration income.
Membership	The return of Hobart City Council resulted in additional pro-rata subscription membership income.
Departure of the CEO	While reducing staff entitlement accruals there were non-budgeted recruitment expenses.
Council Careers	There is an amount of unexpended funds that have been earmarked for additional advertising in July 2015
Salaries	The Procurement Officers term was extended to the end of this financial year and this position has been budgeted going forward.

4 PRESIDENT AND VICE PRESIDENT HONORARIUMS

Brighton Council/City of Launceston

That the President's and Vice President's allowance for the period 1 July 2015 to 30 June 2016 be adjusted in accordance with the movement in the Wages Price Index.

Carried

Derwent Valley and Flinders Councils voted against this motion.

The Rules of the Association provide that the Annual General Meeting will grant an annual allowance to the President and Vice President.

In the past an independent review of allowances was undertaken in the same financial year as the review of allowances for Local Government Elected Members, with the last review undertaken in 2009. The result of that review was to retain the basis of the present allowances unchanged for the two positions with movements to be in conjunction with the wages price index. This brought the escalation factor for allowances in line with Elected Member allowances across councils.

The escalation factor used for elected member allowances remains the wages price index and it is deemed appropriate that the President and Vice President Honorariums continue to escalate on the same basis.

If in the future, the escalation of Elected Member Allowances is reviewed or alters, the Honorariums can also be reviewed.

The resultant application of the wages price index has meant allowances for 2014/15 were:

- President allowance \$44,185 per annum.
- Vice President allowance \$11,046 per annum.

Central Coast Council/Southern Midlands Council

That subscriptions be increased by 2.48% to meet the operating costs of the Association.

Carried

Burnie City and Derwent Valley Councils voted against this motion.

The application of the LGAT formula for subscriptions involves using the Total Assessed Revenue of councils, in accordance with State Grants Commission data, with an application of the Council Cost Index then applied across the various categories of councils.

The result this year sees Glamorgan Spring Bay and Latrobe moving up a category with Break O'Day, West Coast and Waratah Wynyard moving down a category.

The total to be received from subscription revenue next year is \$1,049,081. It should be noted that the payment structure associated with outstanding subscriptions from Hobart City Council is not reflected in the budget as the debt is recognised in the balance sheet. The Hobart instalment attributable to its past subscription will be reflected in a change to debtors in the balance sheet.

A copy of the Subscriptions are at **Attachment to Item 5** for reference.

City of Launceston/Flinders Council

That the Meeting adopt the Budget as presented.

Carried

Derwent Valley Council voted against this motion.

There are only minor variations to the budget for the upcoming year. GMC has determined to reduce the salary of the incoming CEO and this has been reflected in the budget. However, salaries remain largely unchanged as the salary of the officer managing the sector procurement task has been brought into the budget proper. This function was previously funded from some savings achieved in the broader salary budget. With the revenue being generated from procurement activity and the demands being placed on the role by councils seeking to improve their procurement processes and access to goods and services, much of the salary will be offset by the increase in income received via commissions on goods purchased. In fact a further \$10,000 is anticipated in revenue for fees and commissions this year. A projected 3% increase in salaries has been built into the budget.

Other employee entitlements have been reduced by almost \$20,000. This acknowledges the provision made for Long Service Leave and untaken annual leave. The outgoing CEO had significant balances in both areas while an incoming CEO will have no accruals to be provisioned for.

Provision has been made for the secondment of an officer to the Drafting Team of the Planning Task Force. This is effectively an in and out entry with LGAT simply collecting the funds from councils and on paying them to the State Government/host council as a contribution to salary of that officer.

The budget bottom line is break even with the imposition of an increase in subscriptions of 2.48% in line with the Council Cost Index.

A copy of the budget is at **Attachment to Item 6.**

7.1 Term Of Office Of President**Derwent Valley Council/City of Launceston**

That the Local Government Association of Tasmania Rules 27 Regarding Term of Office of President, be amended that in the event that the President vacates office, the Vice President is to hold the position of President until the next election.

Carried

Background Comment

The rule change proposed is in the event that the President vacates office for one of the following reasons:

- (i) Resigns by notice in writing addressed to the Chief Executive Officer;
- (ii) Is absent without leave for three consecutive meetings of the General Management Committee; or
- (iii) Ceases to be a Councillor or Alderman;

And if the office of President becomes vacant more than six months before the next AGM where the President is due to take up office in accordance with Rule 27(a), a new President shall be elected in accordance with the procedures in Rule 26.

It is council's view that to save the cost of an election consideration should be given to the following option:

That in the event that the President vacates office in the 12 month period prior to the next AGM, the Vice-President shall assume the office of President and that an election for President be held at the next appropriate election date.

LGAT Comment

It should be noted that this motion was not in response to the death of Barry Jarvis, having been received well in advance.

However, if the rule was in existence, it would have been applied in this instance. While unusual circumstances, in that the President had by resolution had his term extended and was not facing election this year, which meant the Vice President, Mayor Quiliam would have been filling the vacancy created for two years without an election.

7.2 Motion – Voting Entitlements *

Derwent Valley Council/West Coast Council

That the Local Government Association of Tasmania Rules Regarding Conduct of General Meeting be amended by deleting from rule 16 voting by population categories and replacing it with one (1) vote per Council.

Lost

Background Comment

This matter has been discussed at General Meetings and rejected on the basis of the Scale of fees payable, but it is our view that the Local Government Association of Tasmania does not represent the public (ratepayers) they represent the member councils.

The current process in our view is not democratic by having weighted voting at meetings of the Local Government Association of Tasmania.

In reading the rules of the Municipal Association of Victoria for meetings and for State Council meetings the rules state as follows:

14. Voting Entitlements at Meetings

At any meeting of the Association other than a meeting of State Council members will vote by a show of hands and the Chairperson in taking the sense of the meeting will put the question first in the affirmative, then in the negative, and the result of the vote will be recorded in the minutes.

15. Voting Entitlements at State Council Meetings

15.1 At any meeting of State Council, voting entitlements on any motion or amendment will be

15.1.1 the representative of each participating member council paying an annual subscription to the Association which exceeds the mid point between the lowest and highest subscriptions will have two (2) votes; and

15.1.2 the representative of each participating member council paying an annual subscription to the Association which does not exceed that mid point will have one (1) vote.

15.2 and questions will be decided on the basis of the votes of the representatives voting.

Should there be an equality of votes on any question before a meeting the Chairperson has the casting vote.

The method used in Victoria appears slightly better than that used in Tasmania, but that is only because the maximum vote is two (2) as opposed to four (4) in Tasmania.

It would in our view, be an option for the Local Government Association of Tasmania to trial for a twelve month period one (1) vote for all members councils and then review the situation at a future Annual General Meeting.

This matter was further discussed at a General Meeting of the Association on 13 February 2015. At that meeting after much discussion Council was asked to provide details in relation to subscriptions as a percentage of Council Rate Income. This spreadsheet is appended to this Agenda Item.

This matter was the subject of some debate at the last Annual General Meeting of the Association. It is the view of the Derwent Valley Council that that Local Government should cease the practice of weighted voting, and replace it with one vote per council.

Motions on Notice LGAT General Meeting 13th February 2015

At the General Meeting in November 2014, Derwent Valley Council raised the following items for discussion:

1. That the Rules Of The Association be amended to provide for one vote per council.

Council prior to that meeting was requested to provide additional information and this was as follows:

I wish to advise that through the process of election for President of the LGAT one of our councillors wrote to each person who nominated asking for their comments in regard to the one vote per Council. The response received from most was that they were prepared to consider this matter at a future meeting of the Association if they were successful in their endeavors to become President. It is for this reason that we request further discussion in regard to this matter, bearing in mind it was raised by Derwent Valley at the most recent Annual General Meeting of the Association and was not supported.

At the meeting in November Council advised that as a percentage of rates smaller councils were contributing a greater portion, this comment received some sympathy and we were asked to provide this information for further debate on the matter.

At **Attachment to Item 7.2** is a spreadsheet detailing the percentage of rates required to service the LGAT Subscriptions. The spreadsheet also shows subscriptions based on rate revenue and population.

General Meeting 22 April 2016

Background to Proposed Rule Changes

The LGAT Rules were adopted in 2004, with several modifications over the years. These have been:

- **2006:** Amendments to address the selection of proxies when filling a casual vacancy and limiting how long a Vice President can act as President before an election is required.
- **2007:** Amendment to revise subscription arrangements with deletion of some categories.
- **2010:** Amendment to shift the timing of the conference and AGM to July, to avoid conflict with the ALGA National General Assembly and further adjustment of the subscription formula to use Total Assessed Revenue as determined by the States Grant Commission.
- **2011:** Amendment to allow employees of Local Government owned entities to access LGAT Assist (reflecting water and sewerage reform).
- **2014:** Amendment to adjust for electoral reform and a new four year election cycle and to remove the as of right membership of Hobart City Council on GMC when Hobart City Council are not a member of LGAT.

Further, there have been a number of proposals regarding the Rules debated but not supported as motions to the General Meeting including: reducing the number of general meetings, setting a maximum term of four years for the President and moving to one vote per council.

The GMC also considered some other areas for review/amendment but determined that no change was required and the Rules were sufficiently robust with regard to payment of subscriptions/withdrawal without notice; casual vacancy of President and attendance by non Members at General Meetings.

Amendments

1. *That the Rules be adopted in full including the amendments (replaced) as opposed to simply adopting the amendments, in accordance with legal advice.*

LGAT's initial advice has been confirmed that for legal certainty, it is timely to replace the Rules rather than simply amend them further.

2. *Ensure differentiation between motions which seek LGAT to take an action (Directive) and those which are designed to secure a sectoral policy position (Standing Policy).*

From a resourcing and reporting point of view it will be useful to be able to differentiate those matters which are designed to establish a sectoral position for longer-term advocacy but which do not require substantial (beyond a letter outlining the decision) action from LGAT from those which require prioritisation and resourcing by LGAT in order to achieve a particular outcome.

In April these were described as Standing Policy and Directive Motions respectively.

In the amended Rules the term used for Standing Policy is *Sector Matter*. A sector matter is defined as *a subject matter, topic or item for discussion that does not relate to or concern the objects of the Association and, or in the alternative, the Association has little or no power to alter or affect.*

Most motions considered at a LGAT General Meeting are directive – for example make submissions, pursue an outcome, have a conversation, investigate options. On some occasions however the motion is posed as a directive but is in an area or at a sphere of Government where LGAT has little influence or opportunity to achieve a direct outcome. Such motions might be better framed as Sector Matter Motions, which could be referred to as appropriate and communicated through the LGAT Website.

Examples of Sector Matter Motions based on previous Meetings could be matters such as acknowledgement of the impact of climate change, concerns about Super Trawlers, and support for Indigenous recognition.

3. *Allow GMC some discretion to reject motions based on agreed criteria.*

The basis of this, as agreed in April, was to provide the General Management Committee with this discretion in order to ensure that motions are achievable, relevant to the sector, and are a priority for LGAT to resource in relation to the entire annual work-plan. It was agreed in principle that the Rules:

- a. Introduce the ability for GMC to reject motions which have been debated within the last 4 meetings and where there is no significant change in context; and
- b. Provide the GMC discretionary powers to reject motions which are seeking LGAT to do something which is clearly outside the organisation's or sector's domain or sphere of influence.

This matter is captured in section 12 in the draft Rules particularly 12(d) to 12(g).

In addition, when discussing this matter it was agreed that LGAT should make procedural changes to improve the relevance of motions including working with councils on possible amendments to motions so that the task for LGAT is clearer and clarifying that motions can be put forward for any General Meeting but that only the July General Meeting allows for time for State Government comment. It was also agreed that the form for submission of motions should encourage consideration of the State wide impact of a motion.

4. *That it be made clear that authority to nominate for GMC must come from a council meeting decision or legal delegation.*

This matter is consequent to a query raised about authorisation of nominees to GMC. By way of background:

- Each member is entitled to make a nomination to GMC provided the nominee is from within the same electoral district;
- The nominee does not need to be the voting delegate to the General Meeting or a Mayor;
- The nominator must be authorised to lodge the nomination form on behalf of a member council; and
- Recent legal advice obtained by LGAT indicates that a nomination can only be authorised by Council through a valid council meeting (as per the Local Government Act and related regulations) or through a valid delegation.

The Rules as they currently stand direct that a nominee must have the agreement of their council, even when nominated by another council. The Rules do not indicate how someone is authorised to nominate.

This matter is dealt with at section 20 (e) and 26 (e).

5. *That the nomination form be incorporated in the LGAT Rules.*

Further advice suggests this not an appropriate mechanism, being too restrictive in relation to making any future required changes.

6. *That it be made clear that the voting delegate can also vote on amended motions at the General Meeting. That the terminology be changed to make it clear this is not a delegation under s22 of the Local Government Act.*

Occasionally voting delegates are unable to vote on an amended motion because it had not been first considered formally by Council. It is suggested that the voting delegate should have the confidence of Council whereby they can vote on emerging issues, so that matters do not have to be held over until the next General Meeting, which can be some months away.

Similarly voting delegates should be able to represent their councils during 'topical discussions' so that as a sector, we have a reasonable understanding of the likely views on matters being debated. It is suggested the rules be clarified such that voting delegates can vote on amended motions provided the broad intent remains intact.

Further, it may be that the use of the term 'delegate' is confusing in the context of the Local Government Act which does not allow for delegations to individual councillors. It is suggested the term be changed to 'representative' to avoid any confusion.

The term Voting Representative has been introduced a 3(mm) and 16(3) provides for "A Voting Representative or his or her proxy in the name of the Member is entitled to vote on any matter considered at a Meeting of the Association".

7. *That there is specific allowance for the suspension of the Rules for Items of Topical Discussion and guest speakers.*

In the last 12-18 months, LGAT has introduced 'Items for Topical Discussion'. It was suggested that there be a standing suspension of rules for items of topical discussion and for asking questions of guest speakers. This standing suspension could be incorporated in the Rules. This would align the Rules with current practice and is dealt with in draft provision 39 (b).

8. *That references to the Welfare Fund be changed to LGAT Assist.*

LGAT administers the LGAT Assist Program, under direction of the LGAT Assist Board, appointed by the GMC. The Rules still reference the Local Government Welfare Fund Board and should be updated.

Section 52 has been updated to reflect practice and to complement the LGAT Assist Rules currently being updated. A number of provisions are better placed within the LGAT Assist Rules.

9. *That the Rules reflect the changes that have resulted from the merger of Quadrant Superannuation to Tasplan.*

Currently the Rules require GMC to determine the number and select the Employer Directors of the Board of Directors of Quadrant Superannuation Pty Ltd in accordance with the Trust Deed providing for the management and operation of the Quadrant Superannuation Scheme. This needs to be updated to reflect changes in the Tasmanian Local Government Superannuation industry, and in particular the merger of Quadrant and Tasplan and future merger with RBF. See draft provision 17 (xiii).

10. *That further clarity be provided in relation to the timing of an election triggered by a casual vacancy.*

The Rules are not specific on the matter of the timing of filling a casual vacancy because they refer to the General Election Provisions which are on a two yearly cycle. LGAT seeks to make it clear that the process for an election to fill a casual vacancy should commence immediately upon the vacancy arising unless within 6 months of an ordinary GMC election. See 20(o).

11. That the Local Government Association of Tasmania Rules 27 Regarding Term of Office of President, be amended that in the event that the President vacates office, the Vice President is to hold the position of President until the next election if within 12 months of an election.

This resolution was passed at the 2015 AGM and confirmed in April and is reflected at s27.

ANIMAL WELFARE ADVISORY COMMITTEE

REPRESENTATIVE: Andrew Downie

NUMBER OF MEETINGS HELD DURING 2015/16: Three

OBJECTIVES OF THE COMMITTEE/BOARD:

To advise the Minister on animal welfare.

MAJOR ISSUES DEALT WITH AND DECISIONS MADE:

1. Animal Welfare Act
Some items have gone forward, while others have been dropped and others have been kept on for further discussion with the Minister.
2. Minister Attendance
Minister advised that an educative system rather than relying on regulation and potentially imposing a burden on those who do the right thing.

TASMANIAN HERITAGE COUNCIL

REPRESENTATIVE: Robin McKendrick and Danielle Gray

NUMBER OF MEETINGS HELD DURING 2015/16: Twelve

OBJECTIVES OF THE COMMITTEE/BOARD:

Heritage in Tasmania

MAJOR ISSUES DEALT WITH AND DECISIONS MADE:

In the last full financial year, 2014/2015, the Heritage Council had another busy and productive year. It ended with 5,553 permanent entries on the Tasmanian Heritage Register, having added 19 new entries during the year and subsuming eight entries into new consolidated entries.

It also saw the start of the Integrity Project. This project is based on an audit conducted in 2013/2014, where it was determined that 70 percent of entries on the Heritage Register met at least one criterion and the balance were in need of further review. This review process is now in train and as a result over 580 entries have been proposed for removal, as they do not meet a criterion. All these places are also listed at a local level and this listed status remains unchanged.

The 2014/15 year was also the first full financial year that followed the proclamation of the amendments to the Historic Cultural Heritage Act 1995. These amendments better integrated the Heritage and Planning Acts. The support and assistance of Local Government during the reform's consultations meant that their implementation has been very smooth. In 2014/2015, 283 discretionary permit applications were lodged; an impressive 97 per cent were approved; and 450 certificates of exemption were issued, limiting the need for owners to seek formal approval. The total value of development and works approved by the Heritage Council exceeded \$230 million and the estimated value if exemptions issued is now also being collected.

A major milestone was reached in February 2016, with Minister Matthew Groom and Ms Brett Torossi, Chair, launching the Heritage Councils Works Guidelines. These guidelines aim to ensure that the Heritage Council's expectations regarding particular types of development of works are clear and, they also provide a consistent framework upon which assessments and statutory decisions can be made.

Another successful Local Government Forum was held, as part of Heritage Tasmania's Local Government Program and THE Heritage Council hosted its regular trade display and the annual Local Government Conference. Discussions have also began exploring the idea of sponsoring a Local Government Heritage Award from 2017.

Members of the Heritage Council and staff of Heritage Tasmania are very appreciative of the good work being done by our colleagues in Local Government. This includes effort support us to implement our legislation, and the work done in owning, managing and ensuring the sound statutory management of places and precincts of local significance across Tasmania.

Further information is available in the THC's Annual Report. It and copies of the new Works Guidelines will be available at our stand at the upcoming LGAT Conference.

STATE FIRE MANAGEMENT COUNCIL

REPRESENTATIVE: Belinda Loxley, Kingborough Council

NUMBER OF MEETINGS HELD DURING 2015/16: One

OBJECTIVES OF THE COMMITTEE/BOARD:

To enhance the efficient and effective management of bushfire related risk in Tasmania in order to protect life, property and significant community values.

MAJOR ISSUES DEALT WITH AND DECISIONS MADE:

1. Community engagement events and activities:
 - First round of Landcare hosted community forums completed (Ellendale, Bicheno, St Helens, Pipers Brook, Port Sorrell, Strahan)
 - Undertaking first round of Tasmanian Farmers & Graziers Association hosted community forums – 6 forums in rural regional areas around the state in April/May
 - Community drop-in sessions in April/May in areas where contractors are developing Strategic Bushfire Mitigation Plans as party of the Fuel Reduction program
 - Priorities from community forums forward through to community engagement officers to allow engagement with all stakeholders.
2. Launch of Autumn Burn season
3. Continuation of Red Hot Tips Brochure – information about planned burns and information on how landholders can do safe and effective planned burns with limited resources, fuel hazard assessment, developing a burn plans.
4. Report on Bushfire Incidents throughout the State
5. Fuel Reduction Project Steering Committee has not met due to demand from bushfire events. The impacts of the bushfire events have affected the Fuel Reduction Program.

STATE GRANTS COMMISSION

REPRESENTATIVE: Grant Atkins and Rod Fraser

NUMBER OF MEETINGS HELD DURING 2015/16: Ten plus council hearings and visits

OBJECTIVES OF THE COMMITTEE/BOARD:

The State Grants Commission is an independent statutory body responsible for recommending the distribution of Commonwealth Assistance Grant funding to Tasmanian councils. The decisions of the Commission are guided by a set of national principles that are prescribed in the Commonwealth Local Government (Financial Assistance) Act 1995. The Commission also recommends the distribution of the amount allocated by the Tasmanian Government to councils from heavy vehicle motor tax revenues.

To provide some structure in its distribution methods the Commission operates a triennial review policy whereby major changes to methodology are only introduced every three years. Data input and minor changes are applied each year. To ensure the available funds are allocated on an equitable basis the Commission continually monitors council practices and updates its assessment methods and data as appropriate. Should any significant changes to the current model be considered necessary following the Commission's recent hearings, they will be introduced into the 2018-19 distribution.

The State Grants Commission consists of three members. Two of those members are nominated by local government and the third is an independent chairperson nominated by the Department of Treasury and Finance and approved by the Treasurer.

Current members of the Commission are David Hudson (Independent Chairman), Grant Atkins and Rod Fraser (both representing Local Government).

MAJOR ISSUES DEALT WITH AND DECISIONS MADE:

The Commonwealth had announced in its 2014-15 budget that it was ceasing the practice of bringing forward payment of 50 per cent of the grant entitlement before the end of the prior financial year but more recently continued that practice with a 2015-2016 advance payment being made on 30 June 2015.

The Commonwealth has also continued its policy of suspending indexation of the total funding pool for the three years which commenced on July 1 2014. Due to Tasmania's relative population decline compared to the rest of Australia, this results in the base grant received by Tasmania over the three year period reducing in both real and absolute terms.

As Tasmania receives funding from the Commonwealth road grant funding pool, based on historical (fixed) proportions, road funding allocations have remained constant in absolute terms.

In the 2015-16 financial year, Tasmania became entitled to a base grant allocation of \$34,543,821 from a national pool of \$1,585,181,877, being a 1.9% reduction on the 2014-15 year entitlement, and a road grant allocation of \$37,274,796 from a national pool of \$703,391,849, being equivalent to the previous year's entitlement.

In March 2016 the Commission completed the latest round of hearings and visits. To start the 2018-19 Triennium, the 2016 hearing and visits programme included an open discussion on matters of council interest.

The Commission also presented an information paper which outlined the status of the current triennium review. This gave an opportunity for councils to raise issues of interest with the Commission and potentially influence the Commission's draft 2018-19 Triennium Work Plan.

Councils raised or discussed with the Commission at the hearings and visits a variety of issues, some of which were matters already identified by the Commission for review (i.e. confirming the Commission's draft work plan objectives), with some other matters resulting in new matters being added to the work plan.

Councils also gave the Commission some interesting insight into the changing role and scope of council activities.

The Commission was pleased with the submissions it received in response to the discussion papers and with the interaction it had with councils during these recent visits.

STATE FIRE COMMISSION

REPRESENTATIVE: Rod Sweetnam and Hannah Rubenach-Quinn

NUMBER OF MEETINGS HELD DURING 2015/16: Eleven

OBJECTIVES OF THE COMMITTEE/BOARD:

The State Fire Commission (SFC) is constituted by the Fire Service Act 1979 ('the Act') which vests in the Commission the responsibility for the control of the Tasmania Fire Service (TFS) which delivers fire prevention and suppression throughout Tasmania.

The Commission oversees and directs the affairs of the TFS. The SFC is accountable within the responsibilities under the Fire Service Act 1979.

The Commission sets the strategic direction of the TFS within its Corporate Plan. The Commission must ensure that TFS management's objectives and activities are aligned with the Commission's strategic expectations and also address the risks identified by the Commission.

The Commission has a number of mechanisms in place to ensure this is achieved including:

- Approval of a strategic plan designed to meet stakeholders' needs and manage business risk;
- Ongoing development of the strategic plan and approving initiatives and strategies designed to ensure the continued sustainability, viability and success of the TFS; and
- Implementation of budgets by management and monitoring progress against budget - via the establishment and reporting of both financial and non-financial key performance indicators.

MAJOR ISSUES DEALT WITH AND DECISIONS MADE:

The 2015/16 year has seen a number of challenges for the State Fire Commission (SFC) against a background of an unprecedented fire season that has stretched the capacity of the Tasmanian Fire Service's (TFS) permanent staff and volunteers.

The efforts of staff and volunteers in combatting the large number and the size of long duration fires should be recognised. It is testimony to the professionalism of the people involved that no one was seriously injured and damage to property was kept to a minimum.

The Acting Chief Officer and all involved are to be congratulated on their efforts.

As a consequence of the extraordinary fire season a number of reviews and inquiries have been instigated:

- TFS management instigated an independent review of the firefighting operations through the Australian Fire and Emergency Services Authorities Council (AFAC). There will no doubt be some learning for them from this review.
- The Tasmanian State Government referred to the House of Assembly Standing Committee on Community Development terms of reference for an inquiry into the State Fire Commission. This was a broad ranging enquiry including amongst other things, the change of reporting for the State Emergency Service (SES) to the Chief Officer TFS and associated funding issues for the TFS and SES. At the time of preparing this report the Committee had just released their report and recommendations. The State Government will now receive the report and it remains to be seen where it will take the recommendations contained in the report. The SFC through TFS management provided evidence to this Committee.
- The Senate instigated an inquiry the focus of which was wild fire suppression in World Heritage listed areas of Tasmania. As the Australian Government has now called an election prior to the inquiry being concluded, it appears this inquiry has lapsed.

The Commission has continued to pursue clarification of the roles for Tas Fire Training (TFS) and Tas Fire Equipment (TFE), two business units within TFS. Both these business units provide commercial and community services in carrying out their respective operations.

The SFC has requested detailed reviews of both business units. These have now been completed, recommended actions have been received, some of which have been adopted, others are still to be considered by the Commission.

The fundamental aim of the review is to identify the 'community service' value, provided to the Community. Also, to ensure structures are in place whereby the commercial activities meet national competition policy requirements and other statutory obligations.

The SFC has supported the change of reporting for the SES into the TFS (from Police). This has brought some challenges particularly in the areas of governance and finance. The transition would appear to have been reasonably seamless from an operational perspective thus far and should continue to be.

The current legislation supporting the TFS, SFC and SES recognises two separate organisations. Changes to legislation will be required in the short term to address administrative matters. In the longer term there will be a need to rewrite the relevant Acts to enable the new arrangements. The SFC will need to work with the Government on this issue going forward.

Two bodies of work recently completed, should inform this rewrite ie, recommendations from the House of Assembly Standing Committee inquiry into SFC , and recent research by Wise Lord and Ferguson into Local Government support (financial and in-kind) to SES in the State of Tasmania.

At the time of preparing this report the Wise Lord and Ferguson report had not been considered by the SFC or released further.

Both these documents should lay the foundations on which the State Government can reform legislation. There should be opportunity for meaningful input from Local Government into that process in the future.
